**Subject:** 2015 Annual Progress Report for EPA's Pacific Southwest Region

**Dear Colleagues:**

Each year in EPA's Pacific Southwest Region we face many challenges and achieve significant accomplishments. Together with our state, local and tribal government partners, we are able to better protect our air, water and land. We do it through our daily actions, such as issuing permits and grants; ongoing compliance assistance and strong enforcement; and through our innovative voluntary programs.

We will be sending a hardcopy to the DC office for each of Region IX's Members of Congress in the coming days.
